

Jamie Burkart

SENIOR PROJECT MANAGER • LEARNING & PROJECT SOLUTIONS

Brooklyn, NY • (816) 728-8685 • jamie.burkart@gmail.com
[Portfolio](#) • [LinkedIn](#) • [GitHub](#)

PROFILE

Technical project and operations leader with 14+ years delivering complex public-facing systems across independent businesses, civic coalitions, technology products, and physical implementation. Turns ambiguous cross-departmental needs into requirements, current- and future-state workflows, realistic plans, visible risks, accountable delivery, process improvement, and post-mortem learning.

EXPERIENCE

THICK ARTS - Founder, Technical Project Manager & Web Systems Lead

New York, NY / Remote | 2012-Present

- Lead systems implementation and process improvement from discovery and business analysis through requirements, scope, schedules, technical delivery, quality assurance, launch, maintenance, and handoff.
- Coordinate concurrent work across clients, collaborators, design, engineering, operations, communications, and leadership; track dependencies, decisions, risks, owners, and next actions.
- Led product, e-commerce, analytics, content, and operating improvements for Harry J. Epstein Company, contributing to **2x revenue growth** while supporting an incremental transition from legacy workflows.
- Create decision records, runbooks, onboarding guides, status reports, source maps, retrospectives, and reusable templates that improve organizational learning.

NYC Artist Coalition / Fair Rent NYC - Co-Founder, Civic Systems, Coalition Operations & Policy Communications Lead

New York, NY | 2017-Present

- Convert coalition meetings, testimony, policy sources, legal questions, stakeholder decisions, communications, and city / state strategy into **30+ pages** of plans, action trackers, public materials, and reusable team memory.
- Facilitate alignment among artists, small businesses, organizers, public officials and staff, policy and legal collaborators, communications teams, venues, and community participants without erasing authority or collective credit.

WOWList.org - Co-Founder, Product & Community Systems

New York, NY / Remote | 2015-2020

- Co-built and operated a Python / Django and Ember.js community-calendar with Richard Caceres; translated organizer needs into requirements, releases, onboarding, adoption support, instrumentation, and maintenance across roughly **35 city ecosystems**.

196 Artists Residency / Sunday Dinner - Founder & Systems Steward

Brooklyn, NY | Sunday Dinner: 2012-Present; Residency: 2020-Present

- Built repeatable intake, onboarding, scheduling, facilitation, privacy-aware documentation, and continuity systems supporting **20+ resident artists** and **300+ gatherings**.

KC Town Hall LLC - Co-Founder & Project Manager, Historic Restoration / Mixed-Use Development

Kansas City, MO | 2015-2024

- Co-led scope, sequencing, budgeting, design, public funding, vendors, field coordination, compliance documentation, and mission-aligned transition for a 6,500 sq. ft. adaptive-reuse project.
- Secured a **\$490,539 public funding award** through a successful CCED proposal and presentation; coordinated public-benefit documentation without claiming sole responsibility for collective implementation.

SELECTED PROJECT EVIDENCE

- **CallNYC:** Built and launched an independent civic product translating constituent-services data into **61 issue pathways**, district context, and next-step guidance.
- **Project controls:** Maintains plans of record that distinguish confirmed work, open questions, protected context, decision owners, risks, deadlines, and escalation paths.
- **Resource judgment:** Experienced in project budgeting, vendor coordination, and resource-constrained sequencing; does not claim government procurement authority or enterprise budget ownership.

PROFESSIONAL DEVELOPMENT & EDUCATION

AI Evals for Engineers & PMs - Shreya Shankar & Hamel Husain / Maven, 2026. Evaluation design, error analysis, annotation workflows, failure modes, retrieval quality, and human-in-the-loop systems.

University of California, Santa Cruz - B.A., Film & Digital Media, Honors.

CORE SKILLS

Complex project delivery, systems implementation, business analysis, process mapping, requirements, schedules, budget and resource tracking, risk and issue management, stakeholder facilitation, status reporting, post-mortems, change enablement, writing and documentation, JavaScript / TypeScript, React / Next.js, Python / Django, SQL, Git / GitHub, Docker / Dokku, QGIS.

Authorized to work in the U.S.; no sponsorship required. Valid New York State driver's license.
