PROFILE

Technical project and product operations manager with 14+ years creating operating structure for public-facing products, services, small businesses, coalitions, and place-based development. Turns incoming needs into owned work, resource decisions, risk and dependency maps, vendor and stakeholder coordination, plain-language reporting, and durable follow-through. Has worked across public funding requests, municipal compliance, product delivery, community programs, and resource-constrained technical systems. Brings hands-on technical fluency and a practical commitment to making team health, project status, and the next decision visible.

CORE SKILLS

- **Program and team operations:** Intake, work planning, prioritization, resource allocation, budget and procurement support, vendor coordination, onboarding, status reporting, operational metrics, risk and dependency tracking, and continuous improvement.
- **Cross-functional delivery:** Product, design, engineering, operations, policy, legal, communications, community, and senior stakeholder coordination; clear owners, decision records, escalation paths, and durable handoffs.
- **Public-service implementation:** Resident-facing service design, public-benefit documentation, municipal compliance, stakeholder listening, plain-language communications, accessibility-aware delivery, privacy-conscious practice, and public-safety review.
- **Technical systems:** JavaScript/TypeScript, React/Next.js, Ember.js, Python/Django, SQL, PostgreSQL/PostGIS, Node.js, Git/GitHub, Docker/Dokku, QGIS, APIs, analytics, and low-cost cloud infrastructure.

EXPERIENCE

THICK ARTS LLC — Founder, Product & Technical Project Manager / Web Systems Lead

New York, NY / Remote | 2009–Present

- Lead end-to-end web product, design, and engineering engagements, turning ambiguous stakeholder needs into owned work, sequenced plans, resource decisions, testing, launch readiness, maintenance workflows, and handoff documentation.
- Led e-commerce, analytics, content, marketing, and operations for Harry J. Epstein Company, contributing to 2x revenue growth while helping an 80+ year-old industrial business modernize without losing its trusted voice.
- Build maintainable publishing systems, campaign hubs, resource libraries, data workflows, and web infrastructure; preserve briefs, decisions, reusable patterns, and post-launch learning so teams can continue the work.

NYC Artist Coalition / FairRentNYC — Co-Founder, Civic Systems, Coalition Operations & Policy Communications Lead

New York, NY | 2017–Present

- Help turn stakeholder listening, public testimony, and coalition priorities into buildable plans, campaign websites, public forums, policy communications, calls to action, and sustained government-facing follow-through.
- Built and stewarded 30+ pages of shared campaign memory for a 2026 Commercial Rent Stabilization collaboration, connecting running minutes, decision records, action items, legal and policy questions, media assets, public-data framing, and city/state strategy lanes.
- Maintain shared status, decisions, owners, risks, and next actions; facilitate challenging meetings; brief elected officials and staff; and represent the work publicly while preserving collective credit and sensitive boundaries.

WOWList.org — Co-Founder, Product & Community Systems

New York, NY / Remote | 2015–2020

- Co-founded, co-built, and operated with Richard Caceres a natural-language community-calendar and discovery platform for DIY arts and music organizers, replacing a complex event form with collaboratively editable text, followable keyword communities, weekly digests, profiles, embeds, and calendar connections.
- Connected participatory discovery with hands-on implementation, organizer onboarding, support, adoption, public communication, instrumentation, and low-cost production operations across a distributed maintainer network.
- Operated across 35 city ecosystems, supporting local organizers who used WOW List to run community calendars, websites, and email lists for their own scenes.

CallNYC.org — Civic-Tech Builder & Product Translator

New York, NY | 2016

- Built CallNYC.org as an independent follow-on to the New York City Council's first CouncilStat hackathon, translating constituent-services data into resident-facing issue pages and next-step guidance; covered in [Politico New York](#).
- Took the civic prototype from problem definition and information architecture through implementation and public release. The archived site is unofficial and not a current City service.

KC Town Hall LLC — Co-Founder & Project Manager, Historic Restoration / Mixed-Use Development

Kansas City, MO | 2015–2024

- Co-led planning, public-benefit documentation, vendor coordination, and municipal compliance for adaptive reuse of an approximately 6,500 sq. ft. historic building into four commercial spaces and three homes.
- Helped deliver Tired of Tires, a recurring free resident service connecting household eligibility, form and phone intake, scheduled field collection, City recycling coordination, volunteer participation, and public result reporting; public records document Jamie's participation in pickup operations.
- Co-developed the successful CCED proposal and served as the City's named developer/presenter for a \$490,539 public funding request, remained a documented developer point of contact through compliance progress, and later transitioned the project to a mission-aligned organization.

ADDITIONAL LEADERSHIP

196 Artists Residency / Sunday Dinner — Founder & Systems Steward | Brooklyn, NY | 2012–Present

Created repeatable invitation, onboarding, facilitation, documentation, and continuity systems across 300+ gatherings and 20+ resident artists.

EDUCATION & PROFESSIONAL DEVELOPMENT

University of California, Santa Cruz — B.A., Film & Digital Media, Honors

AI Evals for Engineers & PMs — Shreya Shankar & Hamel Husain / Maven, 2026; application-centric evals, error analysis, annotation, traces, retrieval quality, and human-in-the-loop evaluation.

ADDITIONAL INFORMATION

Valid New York State driver's license. Authorized to work in the United States; no sponsorship required.
