

Jamie Burkart

Technical Project Manager — Product Operations & Implementation

Brooklyn, NY • (816) 728-8685 • jamie.burkart@gmail.com

[Portfolio](#) • [LinkedIn](#) • [GitHub](#)

PROFILE

Technical project manager with 14+ years building the operating layer between stakeholders, product, documentation, implementation, and public-facing systems. Strong in under-structured environments where product teams, civic partners, small businesses, cultural organizations, and public users need clear requirements, usable workflows, reliable handoffs, adoption support, and calm follow-through.

FOCUS AREAS

- **Product operations & implementation** — requirements discovery, workflow mapping, user stories, acceptance criteria, decision logs, action trackers, rollout planning, UAT / QA coordination, stakeholder updates, support workflows, adoption materials, and handoffs.
- **Knowledge systems & documentation** — documentation architecture, source mapping, meeting synthesis, shared-drive structure, public guidance, resource libraries, reusable templates, searchable reference systems, and AI-ready documentation practices.
- **Web, data & civic systems** — JavaScript / TypeScript, Node.js, React / Next.js, Ember.js, Python / Django, SQL, Git / GitHub, Docker / Dokku, QGIS, open-data workflows, dataset documentation, and API / data-product requirements.

SELECTED IMPACT

- Led web, e-commerce, marketing, analytics, and operations improvements for **Harry J. Epstein Company**, contributing to **2x revenue growth** while helping an 80+ year-old legacy industrial business adapt to e-commerce.
- Built [CallNYC.org](#) at the New York City Council's first hackathon, translating constituent-services open data into resident-facing “find help / next steps” guidance; covered in [Politico New York](#).
- Built **30+ pages of shared campaign-memory and coordination infrastructure** for a 2026 Commercial Rent Stabilization collaboration, tracking meetings, decisions, action items, legal / policy questions, data opportunities, media assets, stakeholder next steps, and city / state strategy lanes.
- Created a **legislative provenance redline** mapping Commercial Rent Stabilization bill language from NYC Council Intro 93 through Fair Rent NYC recommendations, Small Business Jobs Survival Act-derived provisions, and Albany Senate Bill S8319 revisions; also drafted privacy-preserving commercial vacancy, occupancy, and lease-cost data materials.
- Co-built **WOWList.org** with Richard Caceres, a Python / Django + Ember.js community-calendar platform used by DIY arts and music organizers across roughly **35 city ecosystems**, with followable keyword communities, natural-language event entry, weekly digest emails, embeddable calendars, and low-cost deployment.
- Created **Sunday Dinner / 196 Artists Residency** as human-scale participation infrastructure, documenting **300+ gatherings** and supporting **20+ resident artists** through lightweight invitation, hosting, onboarding, documentation, and follow-through systems.

EXPERIENCE

THICK ARTS — Founder, Technical Project Manager & Web Systems Lead

New York, NY / Remote | 2012–Present

- Run an independent web strategy, design, and engineering studio delivering maintainable publishing systems, campaign hubs, e-commerce workflows, documentation infrastructure, and post-launch maintenance.
- Gather stakeholder needs, define requirements, structure implementation plans, manage launches, document handoffs, and support adoption for mission-driven organizations, artists, small businesses, and civic campaigns.

- Led digital transformation work for **Harry J. Epstein Company**, improving e-commerce, analytics, content, marketing, and operational workflows while preserving the company's distinctive institutional voice.

NYC Artist Coalition / FairRentNYC — Co-Founder, Civic Systems, Documentation & Policy Communications Lead

New York, NY | 2017–Present

- Built shared documentation systems, running minutes, action trackers, source maps, call scripts, QR pathways, public handouts, stakeholder follow-up systems, and report-back materials.
- Supported campaigns around Cabaret Law repeal, creation of New York City's first Office of Nightlife, nightlife enforcement reporting, Commercial Rent Stabilization, and storefront stability.
- Developed policy-neutral public-data framing around commercial vacancy, occupancy, lease-cost indicators, storefront data, Local Law 157, and RPIE-derived aggregate reporting.

WOWList.org — Co-Founder, Product & Community Systems

New York, NY / Remote | 2015–2020

- Co-built a community event-calendar and distribution platform organized around user-followed keyword communities; secured adoption by local calendar maintainers in city ecosystems including Chicago, Seattle, Santa Barbara, New York, and the Bay Area.

196 Artists Residency / Sunday Dinner — Founder & Systems Steward

Brooklyn, NY | Sunday Dinner: 2012–Present; Residency: 2020–Present

- Founded a care-forward residency and recurring community-building practice; supported **20+ resident artists** and documented **300+ gatherings** through intake, onboarding, scheduling, hospitality, facilitation, documentation, and continuity systems.

KC Town Hall LLC — Co-Founder & Project Manager, Historic Restoration / Mixed-Use Development

Kansas City, MO | 2015–2024

- Co-led redevelopment planning and public-benefit documentation for adaptive reuse of a long-vacant approximately **6,500 sq. ft.** historic building into four commercial spaces and three homes; secured a **\$490,539 public funding recommendation**.

EDUCATION & PROFESSIONAL DEVELOPMENT

AI Evals for Engineers & PMs — Shreya Shankar & Hamel Husain / Maven, 2026. Application-centric evals, error analysis, annotation workflows, traces, LLM failure modes, retrieval quality, and human-in-the-loop evaluation practice.

University of California, Santa Cruz — B.A., Film & Digital Media, Honors.

ADDITIONAL

Valid New York State driver's license. Authorized to work in the U.S.; no U.S. sponsorship required. Dual U.S. / Irish citizen; authorized to work in the European Union where relevant.
